## Internship Experience UK 2021: On Demand

# We're delighted that you're part of Bright Network's Internship Experience UK

Here at Bright Network, our mission is to connect the next generation with the opportunities, insights and advice to succeed as the workforce of tomorrow – that's why we're delighted to be running Internship Experience UK once again.

With the current graduate recruitment climate being particularly challenging, we wanted to provide today's students and recent graduates with invaluable work experience, allowing you to develop your skill set, make new connections and provide you with opportunities to help you build your future career.

Enjoy the experience,

*James & the Bright Network Team*

## How On Demand works

The On Demand experience is designed to give you the same content and knowledge as the live experiences. You'll be able to watch all of the sessions, complete the work sample and boost your employability. Here's how it works:

### Step 1

**Watch** the welcome session, four core sessions and six sector specialist sessions (see the agenda on page 4).

### Step 2

**Watch** the two sub-sector presentations and then choose which of the two work samples you'd like to complete. Watch the corresponding work sample set up video which will give you all the instructions (don't worry about the submission time mentioned in this video).

### Step 3

**Submit** your work sample by Friday 13<sup>th</sup> August at 11am. This is a hard deadline, so we recommend getting in your work sample as soon as possible. [Here's the link to submit your work.](#)

### Step 4

As soon as you submit your work, you'll be automatically sent a new video which will give you **feedback on the task** and a **scoring matrix**. You'll also receive a **self-reflection worksheet**, which you need to complete and submit by Monday 16<sup>th</sup> August at 11am.

### Step 5

Your **certificate** will be sent to you shortly after both steps 3 and 4 are complete. You'll also receive a CV/application advice session to support your future applications. Note – all certificates will be sent during the week commencing 16<sup>th</sup> August.

# Agenda – sessions

Here's your agenda for the On Demand experience in Technology – watch all of the videos below.

## Technology
